

SHAFEEQAHAMED M

Web Developer | IT Support | Software Engineer

Tamil Nadu, India • m.shafeeqahamed2004@gmail.com • +91 8489481039 • GitHub: shafeeqahamedinfo

PROFESSIONAL SUMMARY

- **About Me:** Passionate Web Developer and Computer Science student with a background in Mechanical Engineering, bringing a unique combination of technical problem-solving and design thinking.
- **Education & Passion:** Completed a Mechanical Engineering diploma at MRK Polytechnic College and currently pursuing a B.E. in Computer Science and Engineering at Annamalai University, with a passion for creating intuitive and engaging web experiences that solve real-world problems.

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript (ES6+), PHP, SQL
- **Frontend Development:** HTML5, CSS3, Bootstrap, Responsive Web Design
- **Backend & Databases:** PHP, MySQL, SQL
- **Tools & Version Control:** Git, GitHub
- **Core Competencies:** Full-Stack Web Development, UI/UX Design Principles, Database Management, Problem Solving

PROJECTS

COMPSEM '26 — Department Tech Symposium Portal | *HTML, CSS, JavaScript, PHP, MySQL, Git*

- Engineered a web platform and user dashboard for Annamalai University's CSE Department technical symposium serving student associations (CSEA, CSI, IE(I), TechClub).
- Implemented secure user authentication and interactive event registration systems for technical and non-technical competitions.
- Developed a responsive dashboard interface allowing attendees to track registered events and schedules seamlessly.

Automated Billing & Inventory Management Software | *HTML, CSS, JavaScript, PHP, MySQL*

- Developed a dynamic billing application featuring a live product catalog, stock level tracking, and automated 5% GST tax calculation.
- Built interactive shopping cart management with real-time total updates and seamless checkout workflow.
- Integrated multi-payment processing logic supporting Cash, Card, UPI, and Online payment methods.

Cloud Store & File Management Application | *HTML, CSS, JavaScript, PHP, SQL*

- Designed and deployed a cloud storage web interface for managing digital assets and project files.
- Created a responsive UI with intuitive file navigation, preview features, and structured directory organization.

Social Media Hub Web Platform | *HTML5, CSS3, JavaScript, Bootstrap*

- Built a modern social networking platform UI enabling user communication and global content sharing.
- Applied responsive grid layouts and cross-browser CSS styling to optimize performance across mobile and desktop devices.

Shoe Store — E-Commerce Platform | *HTML, CSS, JavaScript*

- Developed an e-commerce platform for selling shoes online featuring a user-friendly interface, interactive project gallery, and seamless checkout process.
- Implemented responsive product catalog display, interactive shopping workflow, and optimized cross-browser styling with HTML, CSS, and JavaScript.

EDUCATION

- **Bachelor of Engineering (B.E.) in Computer Science and Engineering** — Annamalai University (2024 – 2027 (Expected))
- **Diploma in Mechanical Engineering** — MRK Polytechnic College (2020 – 2023)

CERTIFICATIONS

- **Cloud Computing Certification** — NPTEL Online Certification (12-Week Course)
- **Social Networks Certification** — NPTEL Online Certification (12-Week Course)
